The Government has decided to send a Consul to Khartoum.

ABRAHAM WOODWARD, Q. C., the well known English essayist, is dead.

THERE is no truth in the report that M. De Brazza, the African explorer, is dead.

The wife of John Doughman, of Dayton, O., cut her throat in a moment of temporary insanity, caused by stewing over money matters.

The Committee on Pacific Roads expect an early day to report to the House with a favorable recommendation of the bill compelling land grant railroads to pay the cost of surveying their lands and to take outlines therefor. Until this, or a similar measure becomes a law, the land held by railroads is not taxable by the State in which it is located.

TIMBER THIEVES.
Capture of a Number of Them in the Northwest.

FARRO, D. T., Feb. 4.—Deputy United States Marshal Forder returned from Valley City, Minn., where he had gone to bring in timber thieves, who are reported to be taking the timber of Government sections with bold recklessness. He brought back with him F. T. Farrow and H. H. Randolph, and succeeded in spotting several others, whom he has returned and will probably bring in shortly. The robbery of the Government timber has gone on so long that the people will not cease to remove wood even while the United States Court is in session, evidently thinking that the threats of the United States Marshal to arrest all trespassers are only meant to intimidate the stealing timber on Government land in the Territory has grown to mammoth proportions, and includes some of the prominent citizens, but District Attorney Campbell says he will stop the practice if it takes all summer.

The fifty-four men who stole timber off the Fort Lincoln Reservation, near Lamar, and nine men, near Jamestown, will be brought in for trial before the United States Court. The prison here is crowded and all the hotels are full.

A QUEER DECISION.
The Rank the Goose Holds in the Animal World.

COLUMBIA, S. C., Feb. 4.—It had been hoped that all the annoyances which could possibly be incident to the enforcement of the stock law had been provided for and that no more outrages would be brought before the courts, but it seems that a new source of trouble has arisen. A citizen of Orangeburg County instituted suit against a neighbor to recover damages to the peach crop of the former by the goose of the latter. The decision of Judge J. B. Kershaw, who presided, was that the goose is a domestic animal, and therefore comes under the provisions of the general stock law, which prohibits the running at large of domestic animals. This decision will give rise to a legal war on the goose, unless revision by the Supreme Court, to which it will no doubt be carried.

Henry George's Lectures.
DUNKIN, Feb. 4.—Henry George delivered an address from Rev. David Macrae's pulpit. In the course of his remarks he said that the misery existing among the poor was largely traceable to the ignoring by modern society of the true spirit of the Mosaic laws. Dr. Macrae also spoke and denounced the present land system.

London Papers on Wendell Phillips.
